Description:

Perth is the capital and largest city of the Australian state of Western Australia (WA). It is the fourth most populous city in Australia, with an estimated population of 2.02 million (on 30 June 2014) living in Greater Perth. The central business district of Perth is bounded by the Swan River to the south and east, with Kings Park on the western end, while the railway reserve formed a northern border. A state and federally funded project named Perth City Link involves sinking a section of the railway line, to link Northbridge and the CBD.
